## Exhibit 2

### WHBQ – Memphis, TN Public Interest Programming

<u>Local Issue</u>	<u>Date</u>	<u>Newsca st</u>	<u>Duration</u>	<u>Description</u>
Community	1/1/07	5p	2:19	State of the City - Mayor Herenton made his annual state of the city address and with it proposed demolishing the Liberty Bowl and the Coliseum in order to redevelop a new football stadium.
Community	1/1/07	5p	1:48	Lowery Breakfast - Councilman Myron Lowery held his 16th Annual New Years Prayer Breakfast today. "Together Memphis, we will succeed" was this year's theme. The prayer breakfast and the state of the city used to be held together at the Peabody, but changed in 2004 after the mayor attacked the school board. Lowery says he doesn't have any animosity and that the mayor is always welcome to attend.
Crime	1/1/07	9p	1:00	Letter Carrier Attacked - The postal service is investigating a brutal attack on a postal worker. The man was delivering the mail along Spotswood Ave. when the attack happened. He says his attacker asked for his wallet but he did not have it on him. The postal service is offering up to \$50,000 for info.
Community	1/2/07	5p	2:25	Urban Blight vs. Stadium - The mayor's state of the city address has generated a debate after he announced his intentions of building a new state of the art football stadium. His proposal for the replacement of the Liberty Bowl was met with mixed reactions.
Community	1/2/07	5p	1:35	City Council Ethics - The City Council is tackling a new code of ethics in order to help restore the public's confidence in local government. At the first council meeting of the year, an ethics committee was formed and has 60 days to make their recommendations.
Crime	1/2/07	9p	1:09	Oxford Body Found - The body of Ashley Dias was found after she was reported missing by her family a couple of days before. Her body was found in her car along Lafayette County Road.

Safety	1/2/07	9p	1:44	Residency Requirements - Council approved the referendum allowing non-Memphis residents to work for the police or fire departments. The issue had been the center of debates after emergency officials said the original residency requirement rule was hurting job recruitment.
Crime	1/3/07	5p	1:45	Strip Club Investigation - Police say the strip club investigation is targeting all illegal behavior in all the clubs. Platinum Plus and Tunica Cabaret have already been busted for prostitution and drugs and police say they won't stop until all clubs are cleaned up.
Politics/ Crime	1/3/07	9p	1:36	Ethics Overhaul - Carol Chumney has drafted a code of ethics, a possible foundation for the new ethics ordinance that Chairman Tom Marshall wants to have printed by the spring. The indictments of city council members Peete and Ford sparked the effort for a new ethics reform.
Community	1/3/07	9p	1:26	Drug Tax Collection - Tennessee has collected nearly \$3.5m from drug dealers and moon shiners over the past two years. The state began taxing drugs like crack, meth, and moonshine once the dealers were arrested in January 2005. The strange part of the law is that they can also pay taxes on the drugs before they're even arrested by buying a special stamp. Revenue officials say around 700 stamps have been sold in the past two years even though the state can't legally say who bought the stamps. The agency that makes the arrest gets 75% of the money collected to use in the war on drugs.
Crime	1/4/07	5p	2:03	Armored Car Shooting - Thieves tried to rob a Loomis/Fargo armored car courier at a Mapco gas station on Brooks Road. The armed courier fired at the robber and struck him in his lower torso after being pepper sprayed. The wounded robber then fled in his getaway vehicle without any money. He was later found stripped of his clothing laid out in the street by his apparent associates.
Community	1/4/07	9p	1:32	Juvenile Court Case - The Juvenile Court was hoping to get an injunction to legally stop the County Commission after they tried to appoint another County Juvenile court judge. They believe a second judge would cause administrative and judicial chaos. The judge gave the reps for the juvenile court two weeks to come up with further evidence that an injunction should be granted now.
Crime	1/5/07	5p & 9p	1:42	Homeland Security - Investigators say the alleged bugging devices that were put into the ceilings of the Homeland Security office were really baby monitors. County officials say the discovery has not lead to any arrests.
Crime/ Politics	1/5/07	5p & 9p	1:44	Ford Watch Controversy - An audio tape that will be used against John Ford in his upcoming federal bribery and extortion trial indicates that Ford bragged about the controversial watch to an undercover FBI agent. Prosecutors say the tape helps demonstrate that Ford was more than willing to trade gifts for political influence. Prosecutors say the watch, a \$40,000 Rolex, was allegedly a gift from Memphis developer, Rusty Hyneman, in exchange

for granting big favors.

Crime	1/8/07	5p	1:45	Trooper Killed/Hunter - The hunter who found highway trooper Calvin Jenks after he was shot and killed by two teens in Tipton County says he was hunting for raccoons when he found the trooper near his car with a gunshot wound to his head. What happened to the trooper was caught on his dash cam. It's believed two teens opened fire on Jenks after he pulled them over. The teens have been arrested in Nashville.
Crime/Law Enforcement	1/8/07	9p	1:26	Tipton Camera in Car - Tipton County officers are mourning the loss of a fellow officer, highway patrolman Calvin Jenks, after he was shot and killed during a routine traffic stop. Crime	1/8/07	9p	1:27	Skull Discovery Folo - The man accused of killing an acquaintance and then burying her in his backyard will be in court Tuesday morning. A skull and eventually the full female skeleton were discovered in the backyard of the Binghampton home last week. The county medical examiner says the victim died from a blow to the head. According to the affidavit, the man buried the woman in the yard in the spring or early summer of 2006 after an argument over money. He's now charged with second-degree murder.
Crime	1/9/07	5p & 9p	1:43	Trooper Suspects Arraignment - The two teens accused of killing TN trooper Calvin Jenks were arraigned and brought into the courtroom separately because one is a juvenile and the other is an adult. However, both are being charged with first-degree murder. The 19 year old could even face the death penalty, but the 17 year old who pulled the trigger cannot be executed due to state law that prohibits it for juveniles.
Crime/Politics	1/9/07	5p & 9p	1:30	Calvin Williams' Trial - The defense for Calvin Williams is contending that FBI informant Tim Willis can't be trusted and that the money he and Williams exchanged was part of a business deal not a bribe.
Crime	1/10/07	5p	1:29	Stanfield in Court - Cassandra Stanfield, the woman accused of stealing over 2 mil from the Med, has asked for an extension during her arraignment instead of entering a plea.
Crime/Politics	1/10/07	5p & 9p	1:06	Williams Trial Day 3 - The defense team for Calvin Williams makes a major mistake in court. The judge refused to admit documents into evidence that the defense says would have proved that the money was actually a payment for a joint business, not a bribe. The judge wouldn't allow the docs because they weren't turned over before the trial.
Crime	1/10/07	5p & 9p	1:17	Trooper Funeral - Friends, family and hundreds of officers from around the country came to pay their last respects at TN trooper Calvin Jenks funeral in Columbia. Jenks was shot to death during a routine traffic stop.

Crime/ Politics	1/11/07	5p & 9p	1:18	Williams Trial Day 4 - The fate of Calvin Williams is now in the hands of the jurors. Williams is facing charges stemming from this videotape that prosecutors claim shows the former county commissioner accepting a \$1500 bribe from FBI informant, Tim Willis.
Crime	1/11/07	5p & 9p	1:49	Trooper Shot Folo - Investigators believe Emilio Fernandez and a woman rented the car used by the two teenage murder suspects in the killing of TN trooper Calvin Jenks. The two teens, a 19 year old and a 17 year old both from Texas, have been charged with first-degree murder. Investigators say the 17 year old pulled the trigger and may have been a part of a large drug deal. He's being held in Memphis and is undergoing a psychological evaluation. The DA plans to charge him as an adult.
Crime/ Politics	1/12/07	5p	2:23	Williams Trial Part 5 - Calvin Williams was found guilty of bribery and extortion. The jury deliberated for 2-1/2 hours to find the former Shelby County Commission Administrator guilty. The guilty verdict makes Williams the third TN Waltz defendant to be convicted by a jury.
Crime	1/12/07	5p	1:49	Car Break-Ins - Shelby County Sheriff's officers say they know who's responsible for more than 40 vehicle break-ins. Crime	1/12/07	9p	2:30	Trooper Jenks Folo - The family of the 19 year old accused of murdering TN trooper Calvin Jenks says their son is sorry, but the trooper's family says both teens should be put to death. Crime	1/15/07	5p & 9p	1:30	Forrest City Child Abuse - 4-year-old Lamont Hurd died in the hands of his mother, Roberta Johnson, and her boyfriend, Cornelius Dawson. Community	1/15/07	5p & 9p	1:40	MLK Day Wrap - Memphians marked the birthday of Dr. Martin Luther King, Jr. with several local celebrations including the annual parade and Grizzlies game.

Crime	1/16/07	5p	1:25	Child Rape Court - Shelby County employee, Wayne Logan, pleaded not guilty to charges he raped an 8-year-old girl. He also won't be appointed a Shelby County Judge since he is romantically involved with a County General Sessions Judge. His bond has been set for \$150,000, but he is planning to ask for that to be lowered.
Crime	1/16/07	9p	1:30	John Todd Lawsuit - Homeland Security Officer, John Todd, was fired after holding the position for a short time. He's now filing a lawsuit saying he was fired unfairly. Crime/ Politics	1/19/07	5p & 9p	2:00	Peete/Beale Street - Councilman Rickey Peete is also a member of the Beale Street Merchants Association and it's out of that office that feds say he took bribes to influence his position on the council.
